Subject: [Icd10.contacts] DPH ICD-10 Project Status and Upcoming Training

- CDC has posted the 2013 updates to ICD-10-CM. They are posted at <http://www.cdc.gov/nchs/icd/icd10cm.htm>
- Attached is the DPH ICD-10 project Status Report for July (Status report posted at <http://publichealth.nc.gov/lhd/icd10/status.htm>). This was presented to the NCALHD Technology Committee earlier today.
 - In reference to the item on Page 2, Project Management, Bullet 1: The Technology Committee has requested that the ICD-10-CM Coding training scheduled to be offered statewide to a limited number of local agency staff (e.g., local Implementation Team members) the latter part of September and through the month of October be postponed.
 - The rationale is two-fold:
 - Local agencies will be undergoing a lot of changes in the fall with upgrades to HIS, Meaningful Use compliance, etc.
 - More than likely, CMS will postpone the compliance date to October 1, 2014 so local activities need to be done closer to the compliance date

If you have any questions about the above items, please let me know. Thanks!
