An Equal Opportunity / Affirmative Action Employer

**Teaching Methodology (check all that apply):**

- X- Face-to-face seminar or workshop
- \_ Audio seminar
- X- Virtual Instruction via Webinar
- \_ Videoconferencing
- \_ Other (please specify):
- \_ Face-to-face lecture or facilitated discussion
- \_ Independent study or self-assessment
- \_ Pre-recorded Webcast
- \_ Learning Management System

**Program Dates/Location(s):**

- April 1-2, 2013, 9am-4pm each day, Raleigh, NC for Face-to-Face
- April 4-5, 2013, 9am-4pm each day, Raleigh, NC for Face-to-Face
- April 23-24, 2013, 9am-4pm each day, Raleigh, NC for Face-to-Face
- April 25-26, 2013, 9am-4pm each day, Raleigh, NC for Face-to-Face
- May 6-7, 2013, 9am-4pm each day, Raleigh, NC for Face-to-Face
- May 14 & 16, 2013, 9am-4pm each day, Raleigh, NC for Face-to-Face
- May 23-24, 2013, 9am-4pm each day, Raleigh, NC for Face-to-Face

**Content**—What topics will be covered?

The Comprehensive ICD-10-CM Coding training is developed in a modular fashion. Training materials are be a combination of Power Point slides, lecture and training workbooks that contain resource materials, quizzes and coding practice scenarios. For cost containment purposes, training materials will be posted to the DPH ICD-10 website (<http://ncpublichealth.info/lhd/icd10/training.htm>) at least three days prior to the training and participants will be responsible for printing their own training materials.

The Comprehensive ICD-10-CM Coding training is being offered statewide to a limited number of DPH and local agency staff who belong to their local agency ICD-10 Implementation Team. These individuals need the early training in order to conduct their local agency Business Impact Assessments and Clinical Documentation Assessments.

To the extent possible, coding training for local agency staff will be focused on the code categories most applicable to the agency’s client mix. Attached is the two-day Agenda.

Comprehensive Coding Training AGEN

**Learner Objectives**—What knowledge or skills should the participant have after the workshop?

- Understand ICD-10-CM terminology, coding conventions and general coding guidelines for use of the ICD-10-CM classification system
- Understand how to code using all chapters within ICD-10-CM including Chapter-specific coding guidelines
- Understand how to code using the Neoplasm Table, Table of Drugs and Chemicals, and Index to External Causes
- Demonstrate how to accurately assign ICD-10-CM codes to Chapter-specific case scenarios
- Demonstrate how to accurately assign ICD-10-CM codes to complex case scenarios specific to public health and rural health that cross multiple Chapters and Tables

**Evaluation Methods**—How will the program be evaluated to determine if it was successful in achieving its objectives?

DPH ICD-10-CM  
Comprehensive Traini
