

2019 Nomination Form: 100 Distinguished Public Health Nurses in NC Award

1.

Thank you for visiting the 100 Distinguished Public Health Nurses in NC nomination site and completing a nomination for a Distinguished NC Public Health Nurse.

FOR BEST RESULTS: First compile your answers in a Word document to assure they meet the required maximum 500-word count limit, then copy/paste your answers into this survey.

All nominees must be practicing at the time of nomination and expected to be practicing in Fall 2019 when the awards are distributed.

Helpful Hints for completing this nomination:

1. The nomination must be completed once the survey is started - you cannot save your work and return at a different time.
2. It is recommended that nominators compile their answers in a Word document and assure they meet the required word count beforehand, then copy/paste answers into this survey.
3. Nominators must select the specific professional criteria category under which the public health nurse they are nominating should be recognized.
4. The nominator must then supply responses to each Standard for which they want to nominate the public health nurse.
5. All information must be submitted, and all questions answered, for a nomination to be considered.
6. A picture/headshot must be uploaded into this survey and is required to be submitted if the nomination is to be considered. The photo must be in JPEG, JPG, PNG, or GIF format and **MUST** include the nominee's FULL NAME in the file name.
NOTE: Only photo files up to 16 MB can be loaded.
7. If a person is nominated for more than one Standard, the average score for all responses will be used.
8. Because of limitations of the SurveyMonkey platform, you may not be able to see your *entire* answer to each Standard you are nominating for. Therefore, it is important that you verify that your answer is complete in your Word version before copying/pasting your response(s) into

this form.

9. You must click "Submit My Nomination" at the end of the survey to complete the nomination process.

The 100 Distinguished PHN in NC Award Committee members are not eligible for this award.

100 Distinguished PHN Award Committee:

- Phyllis Rocco, NC DPH Chief Public Health Nurse
- Dr. Ellis Vaughan, NCAPHNA President
- Dr. Susan Haynes Little, NCPHA Nursing Section Chair

2019 Nomination Form: 100 Distinguished Public Health Nurses in NC Award

2. Standards

Please provide a maximum 500-word description for the Professional Standard(s) for which you would like to nominate this public health nurse.

- Please do not use any icons, logos, or other non-tradition key characters in your answers. PHN, LHD, and DPH are the only acceptable abbreviations.
- Please do not use any identifying descriptors (name, agency name, etc) in your response.
- In this section we need to hear about the *nominee's work and its impact*, not who they are. Please replace any identifiers with "The nominee" "Xxxxxx" or "This person" or "He/She."

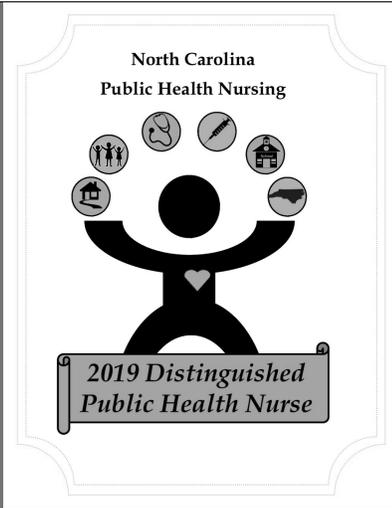

Note: If a person is nominated for more than one Standard, the average score for all responses will be used.

Innovation: Provide brief example(s) of how the nominee demonstrates innovative contributions to the health of a patient, family, community or population in areas of public health nursing practice, education, nursing research or consultation. *An innovative contribution to the field can be defined as bringing a new approach to addressing or solving a problem. It may include applying approaches used in other fields or areas that have not traditionally been applied in public health or combining existing approaches in public health in a new, unique way.*

Collaboration: Provide brief example(s) of how the nominee demonstrates collaboration and made significant contributions to the health of a patient, family, community, or population in areas of public health nursing practice, education, nursing research or consultation. *Although not an absolute requirement, collaborative endeavors that are cross-sector in nature (between public health entities and entities outside the healthcare system) to address a public health problem are particularly sought after for this award.*

Community-Centered Care: Provide brief example(s) of how the nominee has contributed to demonstrates noteworthy community-centered care contributing to leading to positive impact on the health of a patient, family, community, or population in areas of public health nursing practice, education, nursing research or consultation. *Community-Centered Care can be described as working to support or in partnership with an affected patient, family, or community to ensure solutions to public health problems reflect the goals, needs, and strengths of its members.*

Professionalism: Provide brief example(s) of how the nominee demonstrates professionalism and made noteworthy contributions in the field of public health in areas of professional practice, education, nursing research or consultation. *Professionalism can be defined as public health nursing practice that consistently and reliably demonstrates competence, ethical practice, collegiality, resourcefulness, and leadership.*
